COMPLEMENTARY CONTROL, SO CLEVER...

Extend the functionality with our accessory packs

Our accessory packs place you in control. Clever technology takes the guess work out of parking, keeps your garage dry, lights your way and keeps you moving even if power fails.

Quick and easy to set up, most of our accessory packs are plug and play! Explore the pages ahead to see how our CarTeck Automatic accessory packs...

...put you in control!

SMART SOLUTIONS

Here's an overview of everything our function packs have to offer:

Parking Packs

Our Parking Packs offer assistance to park perfectly in your garage and clever climate control to avoid humidity when parking a wet car inside your garage.

Transmitters

Adding extra transmitters is easy and with the Pearl Vibe, never worry if your garage door is closed again!

Security Packs

Looking for enhanced intruder deterrents? Our Security Packs help protect against break-in attempts - perfect for if you use your garage for storage!

Power Packs

In the case of an emergency, never lose access to your garage with a back up battery for when power is out.

Ambience Packs

Light up your world with our collection of Ambience Packs that offer a number of solutions to light your interior garage space or create attractive external lighting.

Smart Packs

Using the latest technology, our Smart Packs provide the ultimate convenience. Open your garage from your phone and include your garage in your smart home world.

Access Packs

Looking for an alternative way to access your garage? Our Access Packs offer a variety of solutions via wall mounted keypads and buttons for quick and easy access on foot or without your remote.

Safety Packs

Add an extra layer of safety with our non-contact photoeyes for obstruction detection.

PARKING PACKS

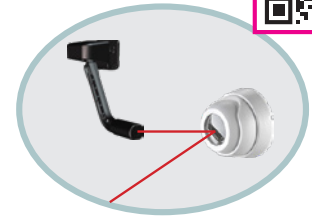

PARKING PACK 1 ●

The laser sensor and reflector provide a visual assistance to help guide you to the perfect point for precise parking within your garage. No more near misses or guesstimates and no need for a parking assist system within your vehicle.

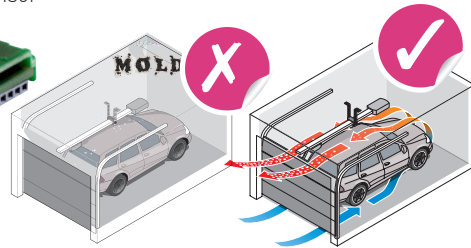

Laser & reflector

PARKING PACK 2 ●

It automatically senses high humidity and opens your garage door a short distance to allow air to circulate, reducing moisture levels typical after parking a wet car in your garage. Reducing humidity lessens the likelihood of mould and mildew forming in your garage.

Humidity sensor

SECURITY PACKS

SECURITY PACK 1 ●

A magnetic motor lock that mechanically locks the motor in any position (even with ventilation function) up to an attack force of 300 kg, increasing the existing security.

The alarm buzzer recognises a break-in attempt and outputs a loud signal tone. It can also be set to output a warning buzzer as the door closes (this must be programmed by the installer).

Buzzer

Lock

LOCK

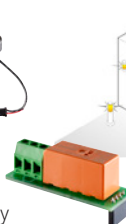

SECURITY PACK 2 ○

A relay that allows control of other garage or garden / security lighting. The alarm buzzer recognises a break-in attempt and outputs a loud signal tone. It can also be set to output a warning buzzer as the door closes (this must be programmed by the installer).

PLACING YOU IN CONTROL...

AMBIENCE PACKS

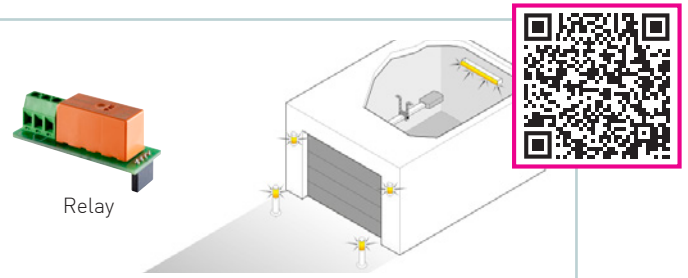

AMBIENCE PACK 1

Need more light? Extra lighting strips for the control units can be combined with the motion sensor to switch on automatically as you enter. No more crashing about in the dark!

AMBIENCE PACK 2

A relay allows control of other garage or garden security lighting for greater flexibility. Not only acting as deterrent in and around your garage, the relay also allows lighting activation when you open your garage door.

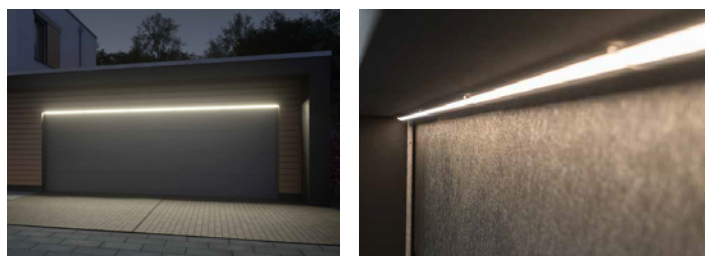

AMBIENCE PACK 3

These clever LED strips are easily positioned on the underside of the door tracks with magnetic tape. They flood the garage with 6000 lumens of light (equivalent to around 400 watts of incandescent light!) Four linked LED strips are activated by the kits' motion sensor or infra red remote control.

AMBIENCE PACK 4

Add light bars to the outside of your garage to make a real design statement whilst increasing accessibility and safety at night. The light bar has a stand-alone power supply and motion detector. The light is 1500 lumen per metre and has neutral white 4000K light.

ACCESS PACKS

ACCESS PACK 1 ○

If you don't want to carry a transmitter, you can operate your door from a wall mounted outdoor wireless keypad. It's the perfect solution if you're out cycling or for family members that use the door occasionally. The keypad is easy to use even in the dark thanks to illuminated keys.

Keypad (with-out Courier function)

ACCESS PACK 2 ○

For extra convenience you can control your door and check its position from within your home with a two function wall switch available in grey or white finish. Similar in size to a standard single light switch.

Wall Switch

ACCESS PACK 3 ○

Add a wireless keypad with sleek stainless steel trim and back lighting for easy transmitter-free access to your garage. The surface-mounted keypad is battery operated making it the perfect solution for retrofitting. The keypad also has flexible usage options - multiple codes and the ability to control up to five different functions, such as garage door and lighting, etc.

Keypad

ACCESS PACK 4 ○ (Includes safety pack 1)

All the benefits of the standard keypad but with an added courier function. The courier function offers a simple and safe solution for receiving parcels into your garage. Choose to program your door to open a short distance for parcels to be posted underneath by an access code or by pressing the red button at the bottom of the keypad.

Keypad

SAFETY PACKS

SAFETY PACK 1 ○

Add non-contact obstruction detection with Photoeye that uses an infra-red light beam across the opening to stop the door when the beam is broken.

Photoeye

PLUG AND PLAY!

THE ULTIMATE CONVENIENCE..

TRANSMITTERS

Adding additional transmitters is simple - choose Pearl Twin or Pearl transmitters or the bidirectional capability of the Pearl Vibe, below.

THE PEARL VIBE

The Pearl Vibe transmitter option vibrates in your hand confirming that the control unit has received your command. It can also confirm if your door is open or closed using bidirectional communication between the opener and transmitter.

Pearl Vibe with bidirectional communication

POWER PACKS

POWER PACK

In the case of an emergency, integrated with the control unit, the Battery Pack will supply power during power outages allowing you to open and close your garage door for up to 5 cycles.

Battery

SMART PACKS

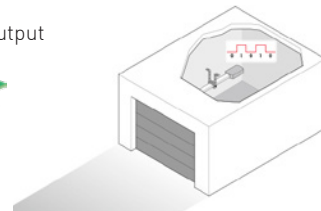

SMART PACK

Include your garage door in your smart home world. Check the position of your garage door using your smart home system keeping everything in one place for the ultimate convenience.

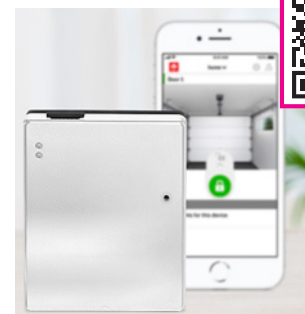

Output

SOMWEB SMART PHONE CONTROL

The SOMweb system enables you to control up to 10 garage doors via a smartphone app or web browser. You can even receive real-time notifications of your doors movements via the app or e-mail. SOMweb is the secure Smart Home solution where your data stays in the garage. Your data is kept safe, as it is not saved on external servers, so quite literally remains at home. For the door to be operated remotely, safety photocells are supplied with the Somweb system.

DOOR SOLUTIONS

Design

We combine ease of use with aesthetics

Good design uses innovative technology to make using a product intuitive and effortless. CarTeck garage doors offer a wide range of design options that will transform the look of your home and the way you use your garage space.

Safety & Security

We combine security with safety

Our products are designed to provide peace of mind with both physical security and the knowledge that durability and safe operation are inherent.

Service

We combine speed with reliability

The Teckentrup team and our network of Garage Door Specialists installers love to make your new door a pleasure to own. From planning to installation. You'll always receive expert advice and the best service for installation, maintenance and aftercare.

Quality & Environment

Teckentrup operates to quality procedures audited to ISO 9001. We care about the environment too - this is why our products are certified in accordance with the Environmental Product Declaration (EPD).

ISO 14001 Environmental Management
ISO 50001 Energy Management
