

CARTECK SIDE HINGED 3-POINT LOCKING & HANDLE

Add our **new 3-point lock** and **new CarTeck lever handle** at an amazing **promotional price*!**

Is your customer looking for increased security when choosing a side hinged garage door? **It's the perfect promotion!**

The **new 3-point lock** with its central mortice lock and two hook locks comes complete with the **new CarTeck lever handle** for just **£235+VAT list price.**

What's different about the new 3-point locking system?

The new system features hook locks that are engaged by lifting up the handle on the new CarTeck lever handle, just as you would on a typical patio door lock.

What 3-point locking comes on doors with D-Handles?

These doors retain the original 3-point locking with central mortice lock and twin extending pin locks, engaged by turning the key in the lock cylinder. This 3-point locking remains the same price, £510 + VAT list.

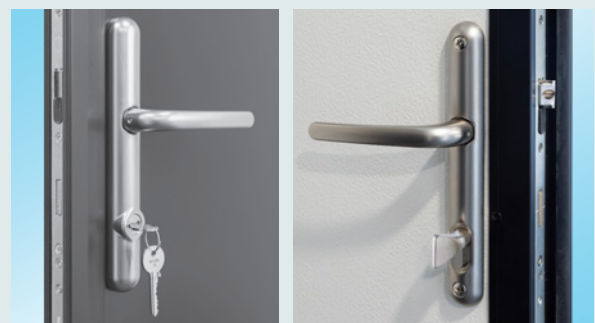

What if I'm not ordering 3-point locking?

Your door will be fitted with our standard stainless steel lever handle and single point mortice lock.

What is the new handle and are there any options?

The new high-grade CarTeck lever handle that comes with the new 3-point locking is finished in satin nickel as standard, is durable and attractive. To upgrade to one of six alternative finishes, just add **£55 +VAT list price.**

*** Promotion runs November 1st to 31st December 2024**

The new CarTeck lever handle in Satin Nickel as standard

Six optional upgrade colours, just add £55+VAT list price
